

A400 DECT 6.0 AMPLIFIED CORDLESS PHONE

The ClearSounds® A400 offers crystal clear sound quality and interference-free transmission in this well-designed, user friendly package. The large screen and high contrast display makes it easy to see and the Talking Caller ID feature ensures you definitely know who is calling. The talking key pad eliminates those frustrating mis-dials and the talking ringtone option adds a new level of convenience.

It's an excellent phone for seniors, those that are hard of hearing, or someone that simply wants a more traditional, straightforward, easy-to-use telephone. The A400 Amplified Talking Cordless Phone also comes with big buttons and easy-to-read high contrast keypad for ease-of-use.
